

TIMES TABLES ROCKSTARS

It was great to see some of you engaging with ttrackstars and numbots in the first week!

If you have not got your login and password, contact the office and you will be able to get started.

Last week's winner accumulated a lifetime total of 33 352 coins!

What a star.

Do you think you can beat the record? I will try and keep you updated of the largest total number of coins by one player.

Remember you can spend them on all sorts of accessories, hair, skin, glasses and make yourself into a rockstar, **and** learn your times tables at the same time.

Happy playing rockstars.

Miss Pennock
