

TIMES TABLES ROCKSTARS

Monday 11th May 2020 Update

Well, Rosy has gone back into the lead this week with 63 146 lifetime points while Rhett has 58 319. There seems to be some serious competition going on between these two!

John Sherwood is in third place followed by Cindy Hatrix and Lana Starlight.

We now have 5 players with over 10 000 points, with a Y1 pupil, Fruity Tyner, being in 5th place with 9 038 lifetime points. Fruity is this week's star.

37 pupils are now playing TTRockstars , so well done if you are one of them.

Year 1 have 5 pupils playing, Year 2 have 7, which is over half of them, Year 3 have 9 pupils playing, Year 4 have 6 pupils playing, Year 5 have 5 pupils playing and Year 6 have only 2 pupils having a go.

If you find there are too many different tables, or not enough challenge, just e-mail the office and we can add or take away tables to make it more accessible for you. As a general rule, Y1 are doing the 10 times tables, Y2 are doing 2s, 5s and 10s, and after that for Years 4 – 6 it is up to 12x12 but this can always be changed to help you.

Keep playing, keep having fun and most importantly keep safe.

HAPPY PLAYING ROCKSTARS!
