

Our Christian Values

Here is a rolling programme of Christian values which are at the heart of everything we do in school. Each half term we will focus on a different Christian value. This will be done explicitly through our Collective Worship time, but also throughout our curriculum. Children will have regular opportunities to reflect on each value and to develop an understanding of each value in action. We will celebrate children who demonstrate these values in our class reflection areas and in our celebration assembly each Friday.
