

TIMES TABLES ROCKSTARS

Monday 13th July 2020 Update

Rhett remains at the top of the leaderboard with an amazing 610 000 points, closely followed by Roxy with 586 000. Rhett also has the fastest speed, so well done.

Well done to those of you who have engaged and played ttrackstars over the past four months. I am sure you will agree that it has improved your times tables. When you return to school we are hoping that we will be able to continue with ttrackstars and that you will be able to spend a few minutes regularly to improve your times and accuracy. You are all stars!

I will set the tables over the holiday period and any further changes that you need can be made in September when we return to school.

Keep playing, keep having fun and most importantly keep safe.

HAPPY PLAYING ROCKSTARS.
