Monday 15th June 2020 Update

Denver had a trial subscription to *ttrockstars*, but because of the popularity of it, and the impact it has had on the children's recall of times tables, we have now subscribed to it so the children will be able to access it on their return to school. If they started now, they would be able to get ahead and compete with their classmates when they return. We have also had enquiries about *Numbots* which is part of *ttrockstars* and can be accessed through the same website.

Rhett Das Rock continues to be the top of the leader-board this week, but I have learned that Roxy is concentrating on other work at the moment, so the competition is not over.

A new rockstar began playing last Friday and in just seven days has accrued over 14 000 points.

Therefore, this week's star goes to Brendon Red Mouth.

I hope you have received the certificates that have been sent to you. I am so proud of all the hard work you are doing.

I have had several parents contact me regarding adding extra times tables for their child, so please let the office know if you would like to change the ones set for your child/ren. As a general rule, Y1 are doing the 10 times tables, Y2 are doing 2s, 5s and 10s, and after that for Years 4 – 6 it is up to 12x12 but this can always be changed to help you.

Keep playing, keep having fun and most importantly keep safe.

HAPPY PLAYING ROCKSTARS!
