

School Games Virtual Challenge 4 - GOLF!

Below is the link to the fourth virtual challenge for the school games, Golf!

<https://youtu.be/EfvWMyeUQjI>

As with the last activities, West Norfolk School Sports Partnership are aiming to get as many video submissions so they can continue to engage as many pupils as possible. They would like to thank all schools and families who have promoted the challenges so far and for those who were able to complete the challenge and submit a video. Please remember that if you submit a video that they really need the name of the school, name of the pupil and the year group so they can keep a clear track of engagement.

All entries can be submitted at schoolgames@activenorfolk.org

They are really pleased to report that they are still getting many video submissions with 149 to date which still represents over 40% of the total engagement across Norfolk - lets keep it up!!!!

The video links will also be found on the news section of our website at www.westnorfolkssp.co.uk

They and we are really looking forward to seeing lots of brilliant entries from our school.

Many thanks in anticipation of your help in engaging as many young people from West Norfolk as possible.

Mrs Henden and the School Sports Partnership.
