

# Week beginning 18<sup>th</sup> May

We have been so lucky with the weather this week so we have made excellent use of our outdoor space. We have been playing a wide range of sports and playground games. Mr Lawrence taught us to play the ukulele.

We have also looked after our plants and enjoyed lots of crafts, such as making boxes for the chocolate project, designing zoos, sand art and rock art.

We have mastered PE with Joe – we know what he means by the exercises without being shown.

We learnt more about chocolate and also about zoos.

Staff have also been preparing for the return of the children in Year R, Year 6 and Year 1.

We wish you all a very happy half term.
