

Young Carers Christmas Session 2025

Wow! Where did that term go? Our final Young Carers session of 2025 was last Thursday, and we went full on cozy!

The children were giving a template to design a Christmas/winter jumper. As always, the children were working together beautifully and there were lots of conversations about what they were hoping to do over the holidays.

While the children were busy being creative, I was making them all hot chocolate with marshmallows (ensuring they all had the same number of course) and squirty cream.

This went down well with all except for one who just had the cream and marshmallows. The room fell very quiet, and you could have heard a pin drop while they were drinking it.

Once they had created their masterpiece the children decorated a cup cake with icing and sprinkles and then very swiftly ate them.

Unfortunately, as usual time ran out and the session ended.

I would like to thank all of our young carers who really are the loveliest group of children and wish them all a Merry Christmas and Happy New Year and look forward to seeing you all next year.

Our next session will be the week commencing 9th February 2026.
