Our intended coverage reflects the fact that we have mixed-age classes. Class teachers may use their professional judgement and expertise to use resources from previous year groups where there is a need to do so in order that they have the skills, knowledge and understanding to then access the intended coverage for their classes.

Before RSHE content is taught, classes use an initial session to draft a 'working agreement' for these lessons, introduce their conversation cards and the idea of an 'ask it basket'.

**In the Early Years Foundation Stage** the children use shared talk to discuss their experiences and feelings. They learn skills in looking after themselves and being clean. They learn to share and take turns. They learn about the importance of basic rules around school. Through topics such as 'Ourselves' and 'Our families' children learn to respect each others' similarities and differences.
