

PARENTAL POINT - Please be aware that there is wide variation of ability in class so the links are to support all children. Parents are asked to use discretion as to what suits their child best. Please also note when using twinkl worksheets SOME are differentiated by ability. They use a star system to indicate this on the bottom of each sheet, 1 is the easiest option 3 is the hardest option. Supervision may be required as answer sheets maybe included.

Literacy

Remember to read while you are at home, it is really important. Read to your family and get them to read to you as well. Maybe read to your distant family over Skype, they would love it I am sure.

Pronouns

Have a look at this clip, we have looked at pronouns but this will help as a reminder. You need to remember they are pronouns.
